Journal Report 15

Ricardo Montelban

October 6, 2026

Research Topic: State in 1-3 sentences the overall goal of your research project. This should rarely change, but it can when you find you need to modify your scope.

Mid October Goal: (What will you have done by 10/15-ish)

October Goal: (And by 10/30-ish)

Daily Log (9/30/26-10/5/26)

This daily log summarizes your research for the previous week Sunday to Sunday.

Tuesday September 30

Today I worked on installing Photoshop. Details...

Friday October 3

Today I wrote an Chrome Extension that reminds me to meditate. Details..

Saturday October 4

If you work outside of school time, include it in your journal as well. In general, absence from school does not excuse you from research that day – I expect you'll make it up a different day that week if possible.

Timeline

(in latex, use double backslash to separate rows and ampersand for columns.)

Date	**Goal**	**Met?**
Today minus 2 weeks	Reminder of your previous goal	Did you meet the goal? (i.e. Done or Not Done)
Today minus 1 week		Maybe say if you modified it, etc.
This week	State your goal to be completed at this time	T
Today plus 1 week		blank
Today plus 2 weeks		blank

Reflection

A detailed person accounting of how this week went, how your project is going, description of successes and failures. If you need(ed) to change goals, or refocus your project, explain it here. If you have specific questions or needs, you can list them here. This is a good place to include photos, diagrams, screenshots, code, etc. if it's especially relevant.
